Construction Clean Up

I DO WINDOWS has the knowledge and experience to safely clean newly installed glass. During the construction process, the windows have spent months getting abused by mortar, cement, paint, silicone, caulking and probably still have the stickers on them. Removing these items takes knowledge and training and if not done correctly, can be very costly to your bottom line. **I DO WINDOWS** is aware of industry defects in glass and is proactive in the battle against glass fabrication debris.

Power Washing and Awning Cleaning

I DO WINDOWS also offers Pressure Washing and Awning Cleaning for commercial accounts. We pressure wash sidewalks, parking lots, storefronts, commercial walls, floors, and buildings. We can also clean those blemishes on your awnings. If you have an exterior water source, we can handle your pressure-washing and awning cleaning needs.

“They were very neat, respectful, and professional throughout their work. I think they did a great job at an inexpensive price, and I will ask them again when the time is needed. I highly recommend them.”
— Sue M., Argyle, TX

COMMERCIAL WINDOW CLEANING

I DO WINDOWS services a wide variety of commercial accounts throughout North Texas for business owners and managers who are serious about the appearance of their storefronts, offices, warehouses and industrial buildings.

Store Front Window Cleaning

A clean storefront is an inviting storefront. We can keep your storefront glass sparkling clean so that you, your employees and your customers want to step inside your shop. While we're there, you may hardly know it. We arrive in a clean, lettered vehicle. Our reliable, trustworthy and experienced crew members are always in uniform—and trained to go out of their way to minimize disruption to your business while on your premises. In fact, company policy provides that if we are near a door when one of your customers is entering or exiting, we kindly stop what we are doing and open the door for them.

Examples of storefront accounts:

- Restaurants
- Dry cleaners
- Strip malls
- Beauty salons
- Retail stores
- Car dealerships

If you are serious about the cleanliness of your establishment's windows, give us a call. The more traffic your storefront generates, the cleaner you want it to be. Vice Versa; The better your building looks, the more traffic you'll receive. We typically recommend monthly or biweekly service for storefront accounts. Whatever your preference, we will be happy to set you up on a recurring schedule of your choosing. Then, we'll efficiently and effectively clean your windows so that you and your employees can focus on your business and your customers.

"I really want to recommend I DO WINDOWS. They were professional and courteous, and did an amazing job!"
—Auenette B., Lantana, TX

Industrial Building Complex Window Cleaning

I DO WINDOWS services many commercial and industrial buildings up to four stories tall. From start to finish, we seek to minimize disruption of your business activities while providing you with superior quality service. We can provide your building with an all-in-one exterior or specialized interior service that will fit your needs. That way, you and your employees can focus on your business and your customers.

While in your building, our reliable and uniformed crews work quietly and efficiently, being careful not to disturb desks, paperwork, computers, materials or machinery. If necessary, we can handle your interior window cleaning after hours or on weekends to avoid disrupting your operations.

Examples of Corporate accounts:

- Medical Centers
- Law Offices
- Hospitals
- Hotels
- Schools/Colleges
- Churches
- Banks
- Government Centers

Once you become an **I DO WINDOWS** customer, you never have to make another call for window cleaning service. We will clean your windows on a recurring schedule of your choosing. We typically recommend a monthly, quarterly, semi-annual or annual service for corporate accounts.
