

# Business Insurance for Window Cleaners

As the owner of a window cleaning business you have your hands full running your business. Managing schedules, maintaining equipment, employing the right people, making your customers happy - it all keeps you busy and leaves little or no time to focus on insurance. That's where we can help!

## Joseph D. Walters

**INSURANCE OPTIONS**

Our custom insurance program is designed with your industry in mind. Here are just a few things the policy offers exclusively through Joseph D. Walters:

- **The package policy is not subject to premium audit** — insurance costs are known up front. There is no premium adjustment after the close of the policy year. Even if your business grows, your premium won't.
- **Voluntary Property Damage Extension** — Accidents happen: This “good will” coverage has been included to provide payment for damage to customers’ property caused by your business operations. Provides limited coverage for property of others that is damaged by your operations. Sometimes called “Faulty Workmanship” coverage. Accidents do happen. This important provision is also an exclusive and included coverage at Joseph D. Walters.

- **Blanket Additional Insured by written contract** — This coverage gets you on the job site faster when the property owner requires you to name them as an additional insured.
- **Blanket Waiver of Subrogation as required by contract** — This coverage is often requested by property owners so having this built into the policy will save you from having to contact your insurance company everytime it's needed.
- **Identity Theft coverage** — \$25,000 limit — Free.
- **General Liability limits** — up to \$5,000,000. Serving 47 states.
- **Broad Inland Marine** — coverage to protect your equipment and tools.

Let us help you with your insurance program. We can review your current insurance and make recommendations on how to better protect your business.

*“The more you know about window cleaner insurance, the better you can protect yourself. Talk to one of our licensed representatives at Joseph D. Walters and when you hang up you’ll be smarter about insurance.”*
